Re: **The Governor's Covid-19 November 18 thru December 8 Restrictions**

Greetings:

Everyone should be aware of the new Michigan Covid-19 restrictions that went into effect on yesterday. ETS will comply with this directive and further limit activities at our facility. We will do the following:

- ETS staff, will use the facility "as needed" until further notice.
- Visits to the facility will be limited to appointment only. You should contact Ms. Barbara Pye to advise intent/need to use the facility. She will advise Jackie Hines and Willie Hunter of that intent.
- As I write, the facility will undergo a deep-cleaning process today, November 19.

There are numerous links I could share that summarize the extent of these restrictions. However, the "Click on Detroit" link does a good job of outlining specifics of this new directive. The link is:

As a Covid-19 survivor, It is my prayer everyone will have a safe **Thanksgiving** season. This year the focus should be on health and safety for one another, our families and friends. Please pray for our state and national leadership as our country responds to the current national emergency.

**2 Beloved, I pray that in all respects you may prosper and be in good health, just as your soul prospers. NASU**

Grace, Peace and Divine Health,

*Dr. Kenneth E. Harris*
