

Office of the President

DATE: July 1, 2020
TO: ETS Community
FROM: Dr. Kenneth E. Harris, President and Dean
Monique D. Marks, Board Chair
RE: COVID 19 Update

Greetings. With the coronavirus pandemic continuing, uncertainty remains about what Michigan college campus life will look like for the fall and winter terms. Currently institutions are offering either in-person class sessions, a hybrid of in-person and online course offerings, with some operating fully online. With the safety of our students being of paramount importance, ETS course instruction will continue online instruction until further notice.

Summer courses are underway and completely online. The fall term will begin September 8, 2020 as planned with courses being conducted online until further notice. All other policies and procedures remain in place. If anything changes, we will update this page.

Further plans will be unveiled in the coming months. Visit this page for continued updates.
