

2022 ACCREDITATION RENEWED

In April of 2022, a team from the Association of Theological Schools visited ETS for the purpose of conducting a comprehensive visit to evaluate the seminary for reaccreditation. The concerns regarding our previous 2016 reaccreditation had been addressed successfully, and we looked forward to the visit. A Self-Study was prepared and submitted by ETS prior to the visit. ETS was then evaluated according to the newly revised ATS Standards and our Self-Study.

As a result of the visit, ETS was recommended to receive reaccreditation for a period of ten years, the longest time available. Previous accreditations were for five years. Our next visit is scheduled for 2032. The ATS Board of Commissioners approved the recommendation in June 2022. We are thankful to our Faculty, Staff, Board, Students and Alums for their participation in this effort. God be praised!
